The age of majority is the legal threshold of adulthood as recognized or declared in law [1]. It is the moment when a person ceases to be considered a minor and assumes legal control over their person, actions, and decisions, thus terminating the control and legal responsibilities of their parents or guardian over them [1]. The most common age threshold for the age of majority is 18 years of age, with thresholds ranging from 14 to 21 across nations and between provinces [1] [2] [3] [4] .

I hope this helps. Is there anything else I can help you with?
